The screenshot shows a web interface for managing contact lists. At the top, there are three navigation tabs: "Contact Lists" (with a folder icon), "Contacts" (with a group of people icon), and "Email Campaigns" (with an envelope icon). Below the tabs, the current view is titled "View: Chủ thẻ quốc tế MB 02112016". A descriptive text states: "A contact is a person that has been added or has subscribed to your contact list." A yellow highlighted box contains a green checkmark icon and the text: "You have 26,187 contacts in your mailing list. They are shown below." Below this, there is a button labeled "Add a Contact to My List...". Underneath the button is a dropdown menu labeled "Choose an action" and a "Go" button. At the bottom, the start of a table is visible with two columns: "Email Address" and "Date Added", both with green up and down arrows indicating sorting options.
